t-Global Technology Limited Achieves ISO 9001:2015 Certification

15 May 2018 – Lutterworth, United Kingdom

t-Global Technology Limited is proud to announce its successful registration of ISO 9001:2015 Quality Management System, effective 7th April 2018.

To gain this registration, we have been independently assessed by IMS Reliance Limited against internationally recognised standards showing our commitment to quality and assurance.

t-Global Technology (Europe and North America) Limited have worked in partnership with Richard Allcock of J. W. Allcock Management Consultancy over the past year preparing the company for ISO9001:2015. This process required examining and documenting all of our processes and making sure through internal audits that processes are predictable and consistent.

Our decision to become ISO9001:2015 registered is a proactive one that not only anticipates the demands of our customers, but also demonstrates our commitment to providing first class services and solutions for our customers.

For your records, t-Global Technology Limited's registration number and scope are as follows:

Standard: ISO 9001:2015

Certificate Number: 2419

Scope: The Development, Cutting, Pressing and Supply of Advanced Thermal Management Solutions.
